OFFER OF THE ALLIES

Should Facilitate Rather Than Delay a Settlement of the Dispute.

OFFICIAL STATEMENT FROM LONDON.

Minister Bowen's Plain Talk to the British Ambassador an Interesting Feature of a Recent Conference.

London, Feb. 6.—It is officially stated here that the allies' offer to submit the method of treatment of their claims to arbitration is a concession which should facilitate rather than delay a speedy settlement of the Venezuelan affair. The allies will raise the blockade as soon as the protocol embodying the arbitration agreement is signed and will not await the decision of The Hague court of arbitration or that of President Roosevelt.

At the German embassy, it is said that the blockade should be raised within a few days. Emphasis continues to be laid on the contention that the point the allies now agree to arbitrate is not preferential, but separate treatment of their claim. In the event of President Roosevelt declining to arbitrate, which seems to be anticipated, the allies are willing immediately to prepare the case for The Hague court of arbitration, the outline of which would be embodied in the protocol with Venezuela, and upon Minister Bowen paying the cash promised the protocol would be signed and the blockade withdrawn. These statements are all made on the proviso that the previous arrangements between Mr. Bowen and the representatives of the allies hold good and that no complications arise, such as further demands on the part of Venezuela.

Roosevelt Won't Act.

Washington, Feb. 6.—It is learned from an official in high authority that President Roosevelt has expressed himself most emphatically against the renewed suggestion of the allied powers, that he act as arbiter in the Venezuelan dispute. It is understood that his determination in this matter is fixed and that he has so informed both Minister Bowen and indirectly the representatives of the other powers concerned.

A CLASH

Between Envoy Bowen and British Ambassador Herbert.

Washington, Feb. 6.—Confirmation of the London dispatch to the effect that Mr. Bowen and the British ambassador, at their interview Monday, had a somewhat heated argument, was obtained here. Indeed, it is stated that should the character of the cablegrams that the British ambassador has been sending to his government regarding the attitude of Minister Bowen, become public, the country would be furnished with sensational diplomatic incidents. It is the opinion of the Venezuelan negotiators other than the British ambassador, that the latter is directly responsible for the abrupt breaking off of negotiations with Mr. Bowen. It is the opinion in official circles here that Minister Bowen has an absolute right, acting for Venezuela of course, to object to President Roosevelt's acting as arbiter. To do so would cause pain to Mr. Bowen, whose admiration for Mr. Roosevelt is well known, but he feels obliged to keep well in mind the fact that he is here, not as an American, but as a representative of Venezuela.

The British ambassador's conduct has resulted in several important details of the momentous conference Monday last leaking out and these are now substantiated by the other negotiators present. It seems that when the British ambassador, who took the lead at this conference, had finished reading the cablegram of Lord Lansdowne containing his last proposition for a 20 and 10 per cent. division of the customs receipts of Porto Cabello and La Guayra between the allies and the other claim nations respectively, Mr. Bowen at once remarked in an emphatic tone that the proposition was but another scheme to trick Venezuela into abetting an alliance against her, for six years, and probably longer. He added that he would not consent to any scheme for continuing the triple alliance one day longer than he was forced to.

A diplomat stated afterward: "It was Mr. Bowen, who exploded the bombshell the moment the proposition was made. Charges that Great Britain was endeavoring secretly to continue her alliance with Germany, were resented by the British ambassador though he showed no ill feeling at the conference. After the conference, it is said, he sent a cablegram to London stating that he was displeased with the conduct of Mr. Bowen and that if it were left to him to decide he would

not continue negotiations with him. He expressed to his conferees of the diplomatic corps greatest indignation that an ambassador from the court of St. James should be so treated. On the other hand, both the Italian ambassador and the German minister have taken occasion to say several times since the Monday conference that Mr. Bowen has treated all the negotiators with uniform courtesy."

Another feature of the last 24 hours has been the receipt of an exceedingly tart cablegram from Lord Lansdowne at the British embassy. The cablegram, it is stated, went so far as to remind the British ambassador that he was here to obey orders.

KENTUCKY OIL.

Pipe Line to Cost a Million and New Refineries More Than Twice as Much.

LYNCHBURG, Ky., February 6.—By February 20th there will be completed over 500 miles of pipe line in this State, at a cost of over \$1,000,000. The work has been done largely by the Standard Oil Company. Refineries valued at \$2,500,000 have either been completed or are in process of completion. The line runs from Fentress County, Tennessee, through Kentucky to Parkersburg, W. Va., and at this point it will connect with the big ocean lines. The pipe line crosses the Cincinnati Southern railway at Somerset, Ky., and the Louisville and Nashville at London, Ky. Oil well interests look for a great movement of oil men to this locality during the coming spring and summer, and a period of great activity is in sight for the development of Kentucky's oil wells.

Hi Henry's Minstrels.

Hi Henry's minstrels, the largest in the world, after five years absence will again appear at Washington Opera House on Wednesday, Feb. 11th, matinee and night. Every one remembers what a sensation they caused on their former visit and the fine performance that was given. During their absence they have played the leading cities. The company this year numbers forty-eight people and travel in their own special vestibule cars, and their performance to be given here matinee and night will be the same as was given in New York City at the opening of their present season. Everybody should see this great minstrel show. School children's matinee 15, 25, 35 cts. Night, 25, 35, 50 and 75.

Rose Coghlan.

Rose Coghlan has scored a triumph in her performance of A. W. Pinero's play, "The Second Mrs. Tanqueray," which will be presented at Washington Opera House, Tuesday, Feb. 10th. So much has been written in magazines and newspapers, so many famous actresses have appeared in this play, which is a keenly observed study of society life, that unusual interest has already been manifested in the first visit of "The Second Mrs. Tanqueray" to this city. A Pinero play produced by such an actress as Rose Coghlan calls for special attention. Sale of seats opens Monday morning at Geo. H. Frank & Co.'s.

ADDICKS NOT SINCERE

Leader of the Opposition So Asserts in a Public Statement.

HIS WITHDRAWAL HELD A GOLDBRICK.

Regular Republicans Request and Are Granted an Extension of Time—Ballot Taken Without Result.

Dover, Del., Feb. 6.—There has been no decisive movement in the senatorial situation, following Mr. Addicks' announcement of his withdrawal from the fight. Both sides are apparently killing time, awaiting a move on the part of the Democrats. A proposition for the latter to aid in the election of two regular or anti-Addicks Republicans is believed by many to be the only

J. EDWARD ADDICKS.

solution of the muddle created by the retirement of Mr. Addicks. Former United States Senator Kenney, one of the Democratic leaders, has submitted a proposition to the Democratic caucus involving an offer to the regular Republicans of the solid support of the Democratic nominee of that faction for the long term in the United States senate, leaving the short term vacant. The friends of Colonel H. A. Dupont are unquestionably controlling the movement of the regular Republicans and they are advancing the argument that the withdrawal of Mr. Addicks is merely a trick on his part to get into the senate by a circuitous route.

General James H. Wilson, one of the leaders of the anti-Addicks faction of the Republican party, said in a statement: "I do not consider Addicks' withdrawal as made in good faith. His reservations and conditions are an obstacle in my judgment. The regulars should not go into caucus with his people, since there would be 21 Addicks men against 10 Regular Republicans. Addicks would necessarily declare both nominees, one of whom would resign at Addicks' request and thus make way for the governor to appoint Addicks to the vacancy. The fight here is as much against Addicksism as against Addicks himself."

The fifteenth ballot for senator resulted: Long term: Irving Handy, Democrat, 21; Louis Peisler Ball, Regular Republican, 10; John Edward Addicks, Union Republican, 21. Short term: Addicks, 19; H. A. Dupont, 8; T. C. Dupont, 2; Harry A. Richardson, 2; E. W. Tunnell, Democrat, 2.

The Regular Republicans asked the Addicks caucus for an extension of time until next Monday. The latter reluctantly yielded to the request.

Smelters Tied Up.

Tucson, Ariz., Feb. 6.—Five of the smelters of the Cananea Copper company have shut down, owing to a strike on the narrow gauge railroad which brings all the ores from the mines to the smelters. The strike of the small road men has been brewing for some months. The management has been able to keep the smelters running only by promising to increase the wages of miners from \$3.50 to \$4 per day and firemen from \$3 to \$3.50 per day. The men demanded the increase, the company refused and the strike resulted.

Sultan in Action.

Constantinople, Feb. 6.—The Turkish government has notified the Idarie Massouleh Steamship company to send in a return of the number of steamers available for use as transports in view of the possible despatch of considerable bodies of troops from Anatolia, Asiatic Turkey, to the European provinces of Turkey in connection with the Macedonian revolutionary movement.

Woman's Body Found.

New Haven, Conn., Feb. 6.—The body of Mrs. Tracy Peck, wife of Professor Peck, of Yale university, was found in Fort Hale park at Morris Cove. Mrs. Peck disappeared Thursday and search had been made for her since then.

FIETEEN HUNDRED OUT.

Rioting Indulged In by Striking Street Railway Employees.

Montreal, Feb. 6.—Rioting was indulged in by the striking employees of the Montreal street railway and their sympathizers. A car was wrecked less than two hours after a mass meeting at which the action of the union in ordering a general strike was endorsed. More than 1400 street railway employees attended the meeting and an equal number of their friends waited outside the hall to hear the result of their deliberations. The news that a general strike had been declared was received with cheers. Word was passed around that a car was running on one of the principal streets. A crowd of strikers and their friends went to meet it. When the car reached the corner it was met with a volley of stones. The motorman was roughly handled and forced to leave the car. The mob hurled stones and bricks at the car, completely wrecking it. A hurry call was sent for the police. A patrol wagon was loaded with officers and despatched to the scene of the riot, but before they arrived, the crowd had dispersed. Later a motorman who attempted to run out of the barn was assaulted and so badly injured that in all probability he will die. A majority of the strikers are French Canadians.

FIVE MEN KILLED.

Building Occupied as a Tannery Collapses at Buffalo.

Buffalo, N. Y., Feb. 6.—Five men, Joseph Becker, William Burke, John Schneider, Adam Herzog and Michael Ambrose were killed and several persons injured by the collapse of a brick building at William street and Fillmore avenue, formerly occupied by Straus & Son, as a tannery. The men were part of a force engaged in razing the building preparatory to the erection of a new one.

Railway Strike Averted.

St. Louis, Feb. 6.—General Manager Allen of the Missouri, Kansas and Texas railroad stated that the differences between his company and the trainmen had been settled and that there would be no strike. Grand Master Morrissey of the trainmen and Assistant Chief Garretson of the conductors, after the conference with the Missouri, Kansas and Texas officials, said: "Our demands were conceded. The freight men get an advance of 15 per cent. and the passenger men of 12." There is an understanding between the other four roads, to which similar demands were made, that whatever the Missouri, Kansas and Texas did would be accepted as indicating the basis in which a general settlement with their employees will be, thus averting a strike.

New Transcontinental Line.

San Francisco, Feb. 6.—There are indications that San Francisco is to have another transcontinental railroad. The new road which the San Francisco Terminal Railway and Ferry company proposes to build will run from Oakland through Hayward, Livermore, Stockton, Marysville and Oreville. From that point it will follow branches of the Feather river to Beckwith Pass over to Purdy on the state line and then across northern Nevada and Utah to connect with one of the four big eastern lines that end at Ogden or in western Wyoming. It is asserted by an official of the company that satisfactory eastern connections have already been made.

Bishop Moeller's Circular.

Columbus, Feb. 6.—Bishop Henry Moeller of Columbus has issued a circular letter to the clergy and laity of the diocese, calling attention to the twenty-fifth anniversary of the ascension of Leo XIII to the pontifical throne. He states that February 20, the twenty-fifth anniversary of his election, will be commemorated only in the cathedral, Fifth and Broad streets. March 3 will be celebrated his coronation, and the bishop directs that a votive high mass Pro Gratiarum Actione be celebrated in all the churches of the diocese. The faithful are requested to offer up holy communion for the holy father on Sunday, March 1.

Unionist Won.

Dublin, Feb. 6.—G. C. Craig, Unionist, has been elected to represent South Antrim in the house of commons by a majority of 494 over Dr. Keightley, the farmers' and laborers' candidate. The Irish nationalists supported Dr. Keightley, who was assisted by Thomas W. Russell, Liberal Unionist member of parliament for the south division of Tyrone. The campaign was fought on the land question, Dr. Keightley supporting compulsory sale. The vacancy was caused by the appointment of William G. McCartney, the retiring member for South Antrim, as deputy master of the mine.

Portsmouth, O., Feb. 6.—The immense barn of John Kelley, valued at \$800, with 2000 pounds of tobacco stored away, was destroyed by fire. The fire was undoubtedly the work of incendiaries.

DISCUSSING TRUSTS.

Debate Proceeds in the House on the Restrictive Measures.

INSINCERITY CHARGES CHALLENGED.

Morgan's Resolution Regarding Allegations Against Colombia Called Up in the Senate—Other Legislative Matters.

Washington, Feb. 6.—In the senate a conference was agreed to on the general staff bill and Messrs. Cockrell, Quarles and Foraker were appointed conferees. A bill was passed authorizing the construction of a bridge across the Missouri river between the city of Chamberlin, in Bruce county, and Lyman county, S. D.

The resolution of Mr. Morgan calling on the secretary of the navy for all reports and correspondence regarding the military occupation of the bays of Panama and Colon was laid before the senate. Mr. Morgan explained the object of the resolution and said that, if adopted, it would prove or disprove all of the allegations made in the press of Colombia and the United States that at the time of the settlement of the insurrection the government of Colombia had proposed to the insurgents it would pay \$3,000,000 for peace, the amount to be paid out of the sum obtained from the United States for the sale of concessions relating to the isthmian canal. While Mr. Morgan was talking, Mr. Cullom moved an executive session and although the Alabama senator objected, the doors were closed.

In the House.

Washington, Feb. 6.—In accordance with the special rule under which the house is operating, that body met to continue the debate upon the anti-trust bill. Mr. Foos (Ill.) reported the naval appropriation bill. Mr. Lawrence (Mass.), the first speaker on the anti-trust bill, said he heartily supported the measure. He took issue with the statement of the distinguished statesman (Senator Morgan of Alabama) in a recent interview that neither party was in earnest upon this question. On the contrary, he believed that both parties were sincerely desirous of properly controlling and regulating trusts. Mr. Henry (Texas) said he was not an extremist. He did not desire to wage war on the legitimate corporations, but he did believe that monopolies and trusts could be and should be outlawed.

Strike May Spread.

Chicago, Feb. 6.—Tenants in many large office buildings found considerable inconvenience in getting to and from their offices owing to the strike of elevator conductors who with starters, janitors and window washers, are seeking to enforce recognition of their union by the Building Managers' association. While some sort of elevator service was effected by the building managers in nearly every instance, the support being given the strikers by the coal teamsters threatens to leave the buildings in darkness and without heat unless a speedy settlement is arranged. Coal teams are being turned back without depositing their loads at many of the buildings.

Roosevelt and Herrick.

Washington, Feb. 6.—Myron T. Herrick is a guest of the president at the White House. With Mrs. Herrick he attended a public reception tendered the legislators and remained as a personal guest of President Roosevelt. One of the bits of gossip which has arisen over his presence at the White House is that if Mr. Herrick succeeds in becoming governor of Ohio he will be backed as a vice presidential candidate. With this bit of gossip goes the supplemental statement that this would be very pleasant to President Roosevelt.

Kaiser's Diplomacy.

Manchester, Feb. 6.—A correspondent of the Manchester Dispatch, in an article on the Venezuelan dispute, points out that British diplomacy in other parts of the world has been brought to a standstill on account of Venezuela. Action taken by Great Britain elsewhere, the correspondent says, would be repugnant to Germany. The writer adds: "It is not what England has done in Venezuela, but what she is prevented from doing in other parts of the world which shows the Kaiser's splendid diplomacy."

Chicken Thieves Too Busy.

South Charleston, O., Feb. 6.—The farmers of this section held a meeting at the town hall and organized to protect themselves against the chicken thieves who are skinning their coops. A fund of \$300 has been raised to bring them to justice. More than a dozen farmers have reported the loss of from 20 to 100 chickens each within the past month.

WORKING FOR RESULTS.

Dr. McCormack, of the State Board of Health, said at Louisville the other day that "only about half the people of this State are vaccinated," and that vaccination is "a perfect preventive" of small-pox. The inference is obvious. If all the people were vaccinated small-pox would disappear; or, as the vigorous and progressive experts prefer to say, "it would be immediately and permanently stamped out."

"The antiquated method of quarantining a whole family," says the health circular, "because one of its members has small-pox is almost inhuman." The accepted, unassailable, up-to-date method is to tumble a whole family of "suspects" into a pest-house, a procedure which may not be characterized as "inhuman," but it is scarcely humane. The "antiquated" methods have done good service in their day; at a time, too, when there was no question as to the character of the epidemic that prevailed.

"A generation of medical men has grown up," says Dr. McCormack, "that never saw a case of the disease." We have the assurance of the board, however, that the prevalent malady is the original and genuine small-pox; and that, while we may be paying pretty high for it, there is nothing spurious in the article we get. It is not an imported "itch," but plain old-fashioned, domesticated small-pox. Knowing this, we know precisely what to do.

Everywhere and always, for a hundred years or more, vaccination, under proper conditions, has arrested the ravages of small-pox even in its most virulent form. The National Government understands this, and vaccinates wherever it goes. Vaccination, like education, follows the flag. Were this not so, vast populations would succumb to the ravages of epidemic disease in one of its most destructive forms.

Let us be thankful, then, that it is with "small-pox" we have to deal. The Jennerian method of vaccination, though somewhat antiquated, will infallibly arrest the spread of this disease. There are deadlier contagions which it will not affect. But the contagion of small-pox is the only one to be considered now, and the preventive measure which is known to be promptly and permanently effective, should be adopted at once.

If Dr. McCormack's estimate be correct for the State at large, very probably there are several thousand unvaccinated persons in this town. We will say four thousand. The cost of vaccinating a thousand persons would not exceed three hundred dollars. An appropriation of \$300 a month for four months, if judiciously expended, would render the entire population practically small-pox proof. But the work must be systematically done,—not under the stimulus of a "rush" order, but with the utmost deliberation and care.

The advantage we offer to the ladies of Maysville in showing our wash goods so early this year seems to have been well appreciated, and not only by the buyers, but by the dressmakers too. Two of the many advantages of buying at our early spring opening are the choice of styles and the ability of getting the goods made up now for six weeks hence the dressmakers will be too busy to take on much work.

We are showing a magnificent line of wash goods including every known fabric. We are also showing every conceivable weave in colored Madras effects. Patterns and styles that cannot be had elsewhere in Maysville. We control a great many new weaves for 1903. We invite you to an inspection of our lines. The power of buying is in your own hands. Our power lies in the collection that we have selected for your view.

MERZ BROS

WRONG MAN.

Authorities at Huntington Thought They Had Duncan's Murderer. But It Wasn't Lightfoot.

A telegram from Huntington (W. Va.) authorities to Chief of Police Donovan Friday morning stated they had a negro in custody answering the description of Henry Lightfoot, who is wanted on charge of killing Charley Duncan.

Policeman Thompson was dispatched to the up-river city, but found on his arrival that the negro under arrest was not Lightfoot.

A daughter of Duncan is trying to connect Ed. Morrison, Tom Mann and Chas. Sanders, the negroes who shot Mr. John B. Farrow, with the killing of Duncan. She claims three men had a hand in the killing; that one threw a coat over his head, another stabbed him, and that the third robbed him of \$75.

Others beside Lightfoot may be guilty, but the latter was seen on East Second street after the killing, hatless and with the knife still in his hand, and acknowledged that he had cut Duncan and thought he had killed him.

Charles Duncan, who was cut to death in Burke's saloon on Market street by Henry Lightfoot, formerly lived at Mt. Olivet. The Advance says: "Duncan had borne a charmed life for a number of years. He had been in numerous fights in Mt. Olivet, and has been shot and cut, but always pulled through." Lightfoot also lived in Mt. Olivet at one time.

IN SOCIAL CIRCLES.

Reception at "Mt. Vernon," Mayslick, in Honor of Dr. Walter Matthews and Bride Last Wednesday.

One of the most enjoyable affairs of the season was on last Wednesday afternoon when Hon. and Mrs. Walter Matthews entertained at their beautiful home, "Mt. Vernon," near Mayslick, in honor of Dr. Walter Matthews and bride of this city. The home was handsomely decorated and all seemed to enjoy themselves.

The bride looked pretty in her wedding gown of white Paris muslin, with trimmings of lace, tulle and ribbon, and felt very much at home as she was greeted by the many friends she had won on her visits at Mayslick. The groom looked very happy and proud of his fair bride.

Miss Patria Blanche Turner, a sweet young lady of Eminence, sister of the bride, was arrayed in white organdy, lace and pink liberty satin ribbon. Miss Elizabeth Mitchell, a pretty young lady of Mayslick, a cousin of the groom, was dressed in a buff silk, waist trimmed in point lace, and most charmingly served frappe to the many guests.

The dining room was thrown open at half past 3 o'clock, and the guests were ushered in by charming Miss Bessie Peed. The dining room was decorated with pink and white carnations and pink candles. The dinner, tempting in all its appointments, was most elegantly served.

Dr. and Mrs. Edwin Matthews and little daughter, Carol, and Mr. and Mrs. W. W. Ball were present from Maysville. Flemingsburg was represented by Misses Allie Collins, Gertrude Givens, Lida Power and Mr. Charles Power.

There is some pretty strong talk of the C., H. & D. railroad taking charge of the Brooksville railroad in the spring, and after rectifying and improving the grade, complete it the coal fields in Morgan County.

Rev. V. T. Willis, of the Sixth ward, came near losing his life a few days ago as he was driving from Maysville to Lewis County. In crossing Cabin creek he was caught by the stream, which was high and swift, but his horse being a good swimmer he finally came out all right with only a thorough soaking.

JUDGE COCHRAN.

Gov. Taft Said to Have Indorsed the Maysville Man as Judge Day's Successor.

WASHINGTON, Feb. 5.—Representative Brownlow, of Tennessee, to-day called upon the President with Representative Boreing, of Kentucky, and requested him to appoint Augustus E. Wilson, of Louisville, to the vacancy on the Sixth Circuit Judgeship.

The President gave the two members no intimation as to what course he would pursue in the matter. He said that both the Ohio and Kentucky people were divided on their several candidates, but that he wanted to give the place to Ohio, if he could see his way clear to do so.

The President inquired particularly about Judge A. M. J. Cochran, of the Eastern Kentucky Judicial district. It is understood that Judge Taft is strongly urging the President to appoint Cochran. Representative Boreing told the President that Judge Cochran was well qualified for the position and would make a good Circuit Judge.

CHAS. A. WALTHER, Tailor.

It may seem idle talk to say much about Spring Clothing at this time of year. There are some few people who think it too early to place an order, but in having your Clothes made to measure—and they really are the only kind that fit and last—two things should be considered. One is,

"He Who Takes Time By the Forelock" Never Gets Left!

So he who takes advantage of opportunities when presented, and selects his goods and places his order for whatever he may need in wearing apparel before the season fairly opens is never left. For why? As usual the good things go first, and he who gets the first is like the "proverbial bird," gets the best that's going. The second thing to be considered is tailors. When spring is here they are very busy, and in consequence late orders are delayed which cause annoyances otherwise avoided. Come and look at my line. Over two thousand styles to select from. Suits made here by the best skilled tailors from \$23 up. Those made by the Globe Tailoring Company, for which I am agent, from \$15 up.
